Hello, Mr. Nelson. David Batson is a Senior Alternative Dispute Resolution Specialist with EPA's Conflict Prevention & Resolution Center in Washington, D.C. You are correct that Mr. Batson is working independently and does not work for EPA Region 10. You need to talk with Mr. Batson about correspondence he has sent out as convener for the Portland Harbor allocation process.

His office telephone number is (202) 564-5103. His cell phone number is (202) 564-8702. His email address is: batson.david@epa.gov

FW: Linnton Plywood Site

Lori,

I have talked to you in the past about the Linnton Plywood site in reference to the superfund clean up. Who is David Batson (sp?), who has been designated by EPA as a Convener, to begin discussions with PRPs regarding allocation of cleanup costs at the Portland Harbor. Reportedly, Mr. Batson is an EPA employee with independent CERCLA allocation responsibilities and does not work with the Region 10 cleanup program personnel. Mr. Batson reportedly sent out a letter in December/January to 180 entities, who may or may not be recipients of the CERCLA §104(e) letters, convening a meeting for February the 13, 2008 to commence discussions on a Portland Harbor cleanup cost allocation process. Can anyone go to the meeting and where is the meeting?

David A. Nelson, P.E.
